4. Thoman Allotment
 - a. Steve provided background on funders, agreement, waivers.
 - b. NWF has agreements for all their allotment deals. They will be the pass through for funding from Sagebrush and Knobloch. GYC wants agreement w WY-WSF.
 - c. Need to consider timeline for payment to Thoman. Funds may not be available right away.
 - d. FS Admin decision will come 1-2 months after the waiver is signed.
 - e. Jim - last one and most important to get done. Need 3 things - Waiver signed, we are convinced FS will close to allotments (we will not have a paper trail but he is comfortable), pay Mary
 - f. Does not think with a letter of agreement - only one was with Arambel -at his assistance. Arambel has protection. Talaiferro - no agreement. We do not need one with Mary. Steve tell donors we need \$\$ by Sept 15 and we will not pay Mary unless she signs waiver.
 - g. Current agreement leaves us too venerable.
 - h. Steve needs to convince donors to trust us not to spend their \$\$ until we get a signed waiver.

- i. Bob - need to hold the FS responsible before payment.
- j. Jim - doesn't think
- k. Jim - allotments must be closed and not in vacancy - ok with Tricia saying she will close but not comfortable with vacancy
- l. Steve - talked with Tricia today and she will not restock them with D sheep and will place them in vacancy with NEPA process for cattle.
- m. Jim - Tricia has told him she will close the allotments to d sheep - he will call her again.
- n. Jim - if allotments in vacancy we need to walk away
- o. Steve - Dist Ranger cannot reopen due to dated NEPA
- p. Jim - recommendation is not to have agreement
- q. Bob - let the other funders sign the agreement and not us
- r. Jim - add paragraph in agreement that states we will pay when we get confirmation from FS for closure.
- s. Jim - we need funders \$\$ by Sept 15 and we will not pay Mary unless we get a signed waiver
- t. Jim/Jerry - like the clause that we will not pay until FS issues an administrative letter
- u. Jim - we will have to get a letter from FS on allotment disposition before we pay Mary
- v. Jim - need \$\$ in Joni's hands by Sept 15.
- w. Jim - Tricia needs to use the closure word vs saying not restock with domestic sheep. That is what she has been telling him.
- x. Jim - add clause in letter that we need commitment from FS that they will close allotments to domestic sheep.
- y. Joni - donors are wanting more security and we should respond.
- z. Jerry - Summary - Jim call Tricia. Steve add clause to letter addressing FS administrative decision and get it to Jim and Jerry. Steve should work on getting \$\$ to Joni prior to waiver signature.

Respectively submitted,

Aug 8/2016.
