### What plans do you have to improve WY-WSF

I have been working since September of 2022 to take over the bookkeeping for the WY-WSF. Since then, I have built relationships with our Vendors and contract service individuals to pay their invoices online. I am also working towards transitioning all of our banquet invoices online so that running reports and verifying funds will be easier. I hope to bring some new thoughts and ideas for further improvements to the table if I am elected to the board.

**What strengths will you bring to WY-WSF?**

I have passion for bighorn sheep and other wildlife and what conserving them means to our future generations. I bring organization and attention to detail. I bring the knowledge of volunteering and assisting with the banquets. I lead two committees within my current employer, and I know how to delegate tasks. I have spent all of my life in Wyoming and find that nature is important to our Wyoming way of life.

**Please provide us with a letter of recommendation from an existing WY-WSF member.**
