Dear Wyoming Wild Sheep Board:

Please consider this letter a recommendation for Scott Butler to be re-appointed to the Wyoming Wild Sheep Foundation's Board. I have worked with Scott in his capacity as a Board member and my capacity as co-chair of Wyoming Game and Fish Department's Bighorn Sheep Working Group for the past several years.

As it is with all bighorn sheep enthusiasts, and certainly members of the Wyoming Wild Sheep Foundation, Scott is over the top dedicated to the species and the people who enjoy them. But, I want to point out that Scott brings some qualities to the table that are particularly valuable to me as a manager, and I think to the Wy_WSF Board. First, Scott is knowledgeable about Bighorn Sheep in Wyoming. He understands the complex challenges and opportunities we all are faced with to best manage bighorn sheep – he understands how important bighorn sheep are to the state of Wyoming. Scott, knows the Foundation and clearly has a fiscally astute mind. He is able to track projects and their various funding sources often from memory! But, perhaps most importantly, as projects are considered or other issues are discussed, Scott asks thoughtful and tough questions and he does it in a respectful and professional manner - he's looking out for the best interests of bighorn sheep and the Wy_WSF members and their financial contributions.

There is no doubt Scott's continued service to the Wyoming Wild Sheep Foundation as a board member is unquestionably valuable!!

Respectfully,
