

## Wyoming Wild Sheep Foundation Members

It is my privilege to support and ask for your support and vote to reelect Matt Hoobler to our Chapters Board of Director's.

Matt has proven himself as a team player, including having a solid working relationship with our Executive Director Katie Cheesbrough. Matt has the ability to deal with political issues with County Commissioner's, State Government, and even at the Federal level. Serving as a Chapter representative on Wyoming State Wide Domestic/Bighorn Sheep Interaction Working Group (Wyoming Plan) Matt brings the insight to best represent the Chapters positions and achieve our goals.

But; the reason I must vote to keep Matt on the Board is his invaluable work transplanting and returning bighorns to the Sweetwater Rocks. Matt's was instrumental in proposing reintroduction, lobbied the legislature in the passing of Senate Bill 118 a necessary part of reintroducing bighorns to the Rocks. Matt's work has opened a path to transplanting bighorns back to the Sweetwater Rocks in January of 2026. We need him to help steer our way to accomplish our three decade goal of returning bighorns to the rocks.

Please join me and vote to reelect Matt Hoobler to our WWSF Board.
