Re: Letter of Recommendation for Zach McDermott

Dear WY-WSF Board of Directors,

Please accept this letter as my recommendation for Zach McDermott as a board member for Wyoming Wild Sheep Foundation. I have worked with Zach from my time as a former board member, to working with Zach on creating several business initiatives for WY-WSF, to helping Zach and the board on endowment issues. Zach continues to have great vision for WY-WSF future growth and development.

Zach and his family share the passion for wild sheep in Wyoming. He has been a fantastic leader helping grow the chapter in members, projects, and dollars raised; all for the betterment of wild sheep. I strongly recommend re-electing Zach McDermott to the WY-WSF board.

Sincerely,
