The SAFG, with approval from the Wind River Inter-tribal Council, fully supports expanding Test and Remove to other sub herds of the Whiskey Mtn herd. Since Dec 2021, we have collaborated with Wy G&F, UW and the US FWS conducting T&R of the Red Creek sub herd on Tribal lands. Results to date have been very positive with a decrease in Movi prevalence and an increase in lamb recruitment.

If you have any questions, please contact us at 307-332-7207. Thank you.
